

YOUR PLACE
IN THE SUN

TIDALWALK

• WILMINGTON, NC •

GO WHERE THE BREEZE TAKES YOU

[*There's something special in the air in* WILMINGTON]

You can feel it in the relaxed energy of sun and sand, swimsuits and flip flops. And you can see it in the big ships, bigger industries and in the promising vision for the future that moves with the flow of the Cape Fear River.

Wilmington is old and new, laid back and exciting, upscale and down home: roadside diners and beach clubs and fine dining, too. Museums and theaters and historic homes aplenty. Water tours and

carriage rides and a stroll along the Riverwalk for shopping or sweets or something a little more. And lest we forget the magnet that draws us all in: the beaches of the North Carolina coast.

This is the place that finds its way into your heart with the rhythm of the waves and the kindness of its people. Welcome to Wilmington. *Make yourself at home.*

IMAGINE COMING HOME TO A VACATION

With so much going on at TidalWalk, the hardest part of life is deciding what's on the agenda today.

Shall we start with crabbing along the quarter mile of beach we call our own or a walk to Turtle Island? Or perhaps we should make a visit to the TidalWalk Club featuring an L-shaped pool with space for making your own waves or swimming laps in peace.

There's also the clubhouse that fronts the pool with welcoming porches on three sides. Or the 150-foot pier for fishing and second-level gazebo where you can watch the birds fly by, along with the time.

If it's the open water that calls you, you're in the right place. TidalWalk has its own pier, boat slips and day dock exclusively for our residents containing nine private slips and one shared day-slip.

TIDALWALK *is the perfect place for doing what you please*

WHEN FUN IS AT THE TOP OF THE DAY'S PRIORITIES.

CASTLES IN THE SAND

There's no such thing as ordinary here.

Not with the coastal surroundings left just the way Nature designed them, with the wind and tides and nothing but time on her side. Not with the views of the Intracoastal Waterway and ocean out the window, or just down the road.

Certainly not with the builders we've specially selected to craft the homes of TidalWalk. Our team stands ready to provide an extraordinary home.

Whether you're buying a move-in ready home, putting the finishing touches on a semi-custom build or starting from scratch with your own custom home, the only pieces missing are you and the ones you love.

Just as it should be. With meticulous attention to every tiny detail and integrity built into every square inch, this is where quality rules the day and where relaxed living calls home.

This is TidalWalk.
