HOME DESCRIPTION

The main level features a spacious first-floor primary suite with tray ceilings, abundant windows, and a truly massive walk-in closet. At the front of the home, a dedicated office/flex space creates the perfect work-from-home setup, while the first-floor laundry includes upgraded cabinetry and tile flooring for everyday convenience.

The kitchen is both stylish and practical, showcasing quartz countertops, a farmhouse sink, and custom wood shelving in the pantry. Large windows across the eat-in kitchen and family room flood the space with natural light, highlighting the modern fireplace -- a stunning focal point for gatherings or quiet evenings in.

Upstairs offers a versatile loft plus two guest bedrooms and a full bath, giving everyone their own comfortable space.

The covered patio overlooks one of the best homesites in the neighborhood, positioned directly in front of a lush woodline. A privacy fence is being installed for the future homeowner, creating the perfect setting for pets, entertaining, or simply relaxing outdoors.
