HOME DESCRIPTION

Move-In Ready - The Hampton Seaside is another award-winning home plan by Robuck Homes that offers modern open concept living. A spacious rocking-chair front porch welcomes you home and provides a great place to greet neighbors. When you enter the wide entryway, you're greeted with 9 ft. ceilings topped with classic crown molding. As you enter the open living room, kitchen and dining area, you'll quickly understand why this plan is loved by so many. Tall windows across the back provide an abundance of natural light and a great view of the backyard. The covered porch and patio out back are perfect for gatherings or when you need a little solitude. The gourmet kitchen features a 36" gas cooktop and range hood, a wall microwave and oven, soft-close cabinets, quartz countertops, under cabinet lighting, and the huge kitchen island that overlooks the spacious family room is a great spot for family and guests to gather. The chef in the family will love the large walk-in pantry and tech room when planning dinner or maybe the next special event. This home also features a flex room and powder room on the main level. The 9 ft. ceilings continue upstairs making every room feel even more spacious. The primary suite includes a spacious bedroom and a gorgeous, super-sized bathroom and walk-in closet. Three additional bedrooms (one with a private bathroom), a 3rd full bathroom and laundry room complete the upstairs. This home features a 2-car side-load garage plus a 3rd-car garage with a side service door.
