HOME DESCRIPTION

On just over half an acre this Winston Classic floor plan offers 2,347 sq ft designed for practical, comfortable living. The main level features a privately situated owner's suite with a spacious walk-in closet, plus a front flex room ready for work or creative use. The kitchen centers around a generous island with a large walk-in pantry close by, while the living area is anchored by a 50" Allusion fireplace then opens into a bright sunroom.

Upstairs you'll find two additional bedrooms and a loft for extra breathing room. A sideload garage keeps the exterior clean and uncluttered. Both the covered front porch and covered back deck offer easy spots to enjoy the natural surroundings. [The View] [Winston]
