HOME DESCRIPTION

READY BY APRIL 2026! This thoughtfully designed new home offers the perfect blend of space and style. A welcoming foyer leads to a flex room with glass French doors—ideal for an office or sitting room—along with a powder room, coat closet, and access to the two-car garage. The formal dining room comfortably seats 10+ and flows into the open-concept kitchen and living area (that has a beautiful fireplace), creating the perfect space for entertaining. Enjoy outdoor living on the covered back deck overlooking a spacious backyard. Upstairs features a large loft, a walk-in laundry room, and a private primary suite with a double-vanity bath, walk-in closet, and separate water closet. Three additional bedrooms and a full bath with ample storage complete this beautifully designed Home. ***3rd car garage will not be built by Mungo but this lot is permitted and ready for a custom detached garage post-closing
