HOME DESCRIPTION

Located in Cambridge Reserve by award-winning Mungo Homes, this Russell plan sits on a quiet cul-de-sac homesite and stands out with a flexible, well-designed layout and the rare bonus of a two-car detached garage--ideal for extra storage, hobbies, or additional vehicles.

The first floor features a spacious flex room and a convenient half bath, offering versatility for a home office, playroom, fitness area, or additional living space. The open, light-filled layout is designed for both everyday living and entertaining. The modern eat-in kitchen showcases crown-molded cabinetry, a large island with bar seating, and a walk-in pantry, flowing seamlessly into the spacious family room.

Upstairs, the primary suite provides a true retreat with a walk-in closet and spa-inspired bath complete with a tiled shower, dual vanities, linen storage, and a private water closet. Two additional bedrooms--both with walk-in closets--a full bath, a convenient laundry room, and a generous loft ideal for a home office or casual living space complete the second floor.

Ideally located just 10 minutes from downtown Angier with easy access to surrounding areas, this cul-de-sac home combines modern design, versatile living spaces, and a hard-to-find detached garage--making it a standout opportunity.
