HOME DESCRIPTION

The Ford brings easy single level living to a full 0.60 acre homesite in Cambridge Reserve. Inside, 3 bedrooms and 2 baths are arranged around an open main living area where the great room, kitchen, and dining space stay connected. The kitchen features a central island and oversized corner pantry, giving you useful prep space and storage while keeping the room open to the main living area. The primary suite is positioned separately from the secondary bedrooms and includes a generous walk in closet with direct pass through access to the laundry room. The primary bath features a tiled walk in shower with a built in bench. Two secondary bedrooms and a shared full bath provide flexibility for guests, an office, or hobbies. With an attached two car garage and more outdoor room than you might expect from a 1,383 square foot home, this is a smart option for buyers who want efficiency without feeling crowded.
