HOME DESCRIPTION

The Atkinson makes 1,017 square feet work hard. Set on a 0.586 acre homesite in Cambridge Reserve, this two story design offers two private primary suites, each with its own bathroom and closet. Downstairs, the great room opens directly to the dining area and kitchen, keeping the main living space connected and easy to use. A powder room and laundry area are conveniently located on the first floor, while the covered patio gives you additional space to relax outside. Upstairs, the dual suite arrangement creates excellent separation and privacy without adding rooms you may never need. A one car garage provides additional parking and storage. This distinctive layout combines a manageable footprint with more than half an acre outside, giving you an option that feels very different from the typical new construction floor plan.
